

Pool Kings
D.E. Filter Cleaning Agreement Form

How often should you clean your Swimming Pool D.E. Filter?

Backwashing your D.E. Pool Filter needs to be done whenever the Pressure of the filter rises 8 - 10 pounds above the normal operating pressure.

Depending on the bather load and other factors such as trees, shrubs, sand, pets, dirt, wind, ect... you may need to backwash as often as once a month.

D.E. Filter maintenance starts with backwashing your pool filter, but it doesn't remove oils, lotions, leaves, pet hair, bacteria, algae, or all the D.E..

The D.E. filter grids need to be removed and washed generally about twice a year to keep your swimming pool D.E. filter running properly.

Pool Kings offers the service of D.E. filter cleans. We will bill you \$135.00 every time we clean your filter. ** D.E. powder is an additional charge at \$1.00 per pound. (With no cleaning agreement)

With the filter clean agreement, we provide this service at a discounted rate

Weekly Service Customers receive and additional discounted rate.
